

Product images and technical drawings of shafts with keyways. Includes a table of models and materials, and detailed dimension diagrams for keyway placement and cross-sections.

Table with 14 columns: 型式 (Type), D (Diameter), L (Length), F·S (Keyway), 键槽1 (Keyway 1), 键槽2 (Keyway 2), 键槽3 (Keyway 3), 键槽尺寸 (Keyway Dimensions), and 扣环型号 (Clamp Model). It lists various shaft models and their corresponding dimensions and clamp specifications.

①关于扣环的详细尺寸请参阅下表。扣环材料为0Cr18Ni9。
②圆度、垂直度、L尺寸公差请参阅下述精度基准。
③可选加工参阅左页，请在安装带轮和滚轮时使用。

Table titled '精度标准' (Precision Standards) with 3 columns: 项目 (Item), 精度图 (Precision Diagram), and 精度 (Precision). It details standards for roundness, straightness, perpendicularity, and dimensional tolerances.

Table titled '扣环尺寸' (Clamp Dimensions) with 2 main sections. The first section shows dimensions for clamps No. 5, 7, 10, 12, 15, 17, 20, 25, and 30. The second section shows dimensions for clamps No. 10, 12, 15, 17, 20, 25, and 30.

订货范例 Order: 型式 - L - F - S - KA - A - KB - B - KC - C - (WFA·FA···etc.)
